It's More Than Just a Machine...

Proclaimed LICA Contractor Ron Garofalo describing the New Rubble Master RM80 GO!

Since 2005 LICA Contractor Ron Garofalo, DAG Mobile Recycling, Lyndhurst, NJ has been crushing for profit utilizing Rubble Master Equipment. Now he is the proud owner of the Rubble Master RM80 GO Mobile Compact Recycler the first of its kind in the United States. "This is my third Rubble Master and I love it!!! It is 30% more productive". Garofalo went on to say, "In just the first three months I can see a huge impact in our production and efficiency."

Two other LICA Contractors have been very successful operating Rubble Master Equipment; Iron Hustler in Peoria, IL and Cavaliere On-Site Recycling in Stamford, CT. "It is the wave of the future for LICA contractors recycling on their jobs. They no longer have to leave money at the dump they can earn additional profits by recycling," stated Garofalo. ▼
